# Tricky Words PHASE 2 – 5 SPELLING BOARD GAME

This pack contains two different board games with instruction cards as well as all the Year 1 Common Exception Words.

The first board game involves using paper, pens and crayons to use different methods for writing the word. The second game uses more practical resources such as magnetic letters and sand.

1-4 players using a 1-3 or 1-6 dice depending on preference and time.

## How to play

Players either have their own word cards or lists or adult has suitable words in a pile. Each player takes turn to roll the dice and move that many spaces. When they land they either write one of their words in the method landed on or the adult asks them to spell the word from their pile using the method they land on.

Continue playing until a player reaches the end.
