## Phonic Screening Version 1

splashes  
& swirls

# Secret Spy Words - Phonic Screening Version

Print the word cards and laminate. Fill in the missing sounds using a UV pen. There are sheets at the end which show the full word.

You will need a UV light to read the words.

Please note the words have been taken off previous Phonic Screening checks. Only the pseudo words that have Phase 3 and Phase 5 sounds have been used.
